

Mortgage+Care

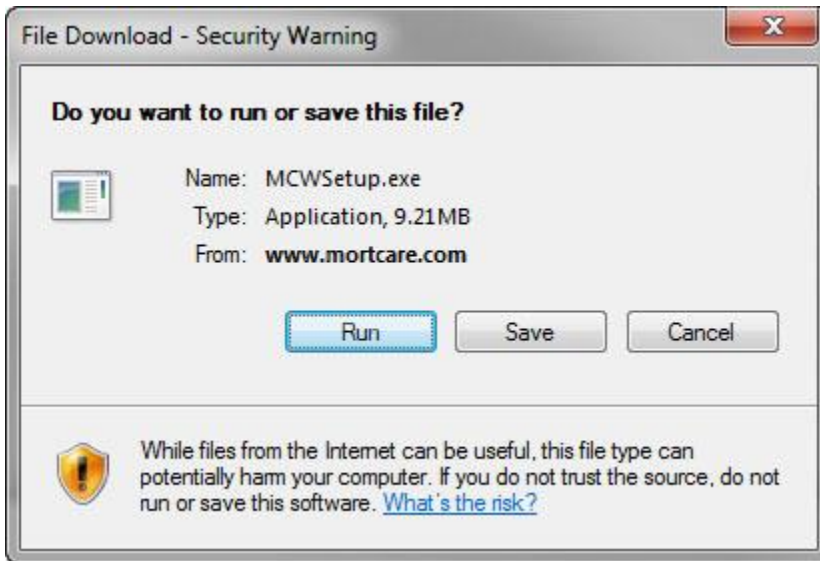

Downloading and Installing Mortgage+Care

Instructions

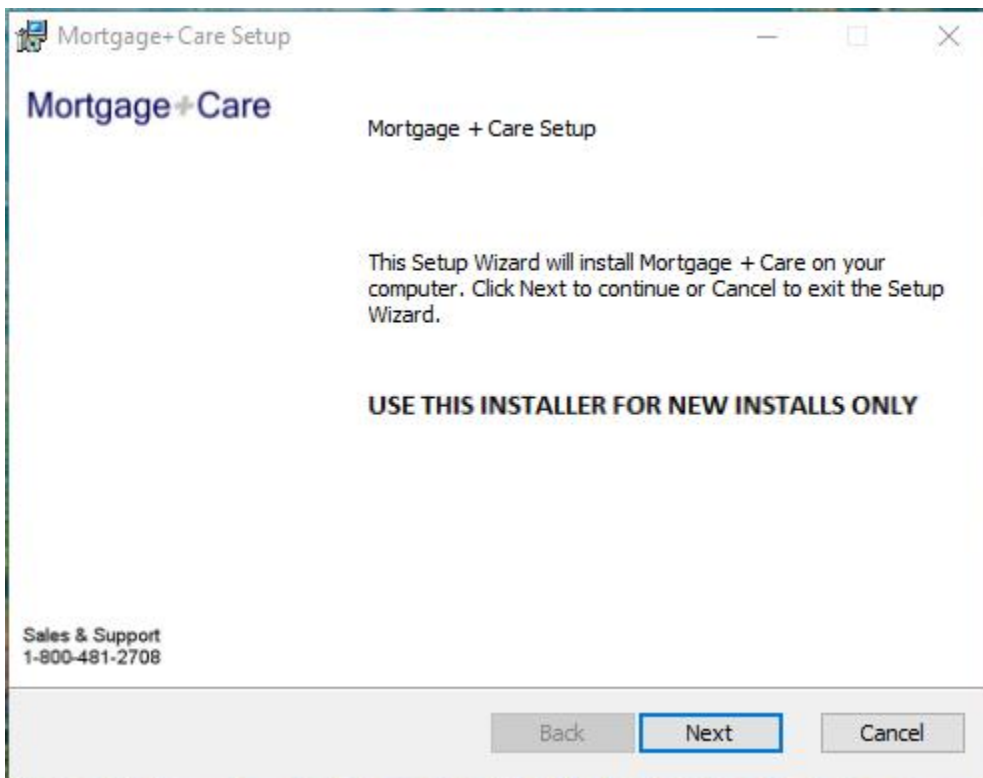

1. Go to the our website & click on the blue download button:
<http://www.mortcare.com>
2. On the Mortgage+Care signup screen, fill in your company information & click send.
3. You will receive an email to the address you enter. The email will contain a registration number.
4. There are two links active. Click on the **==>Now Click Here to Download Mortgage+Care<==** link (as shown in the image below). The **Opening MCSetup.exe** dialog screen appears. Click **Save File**.

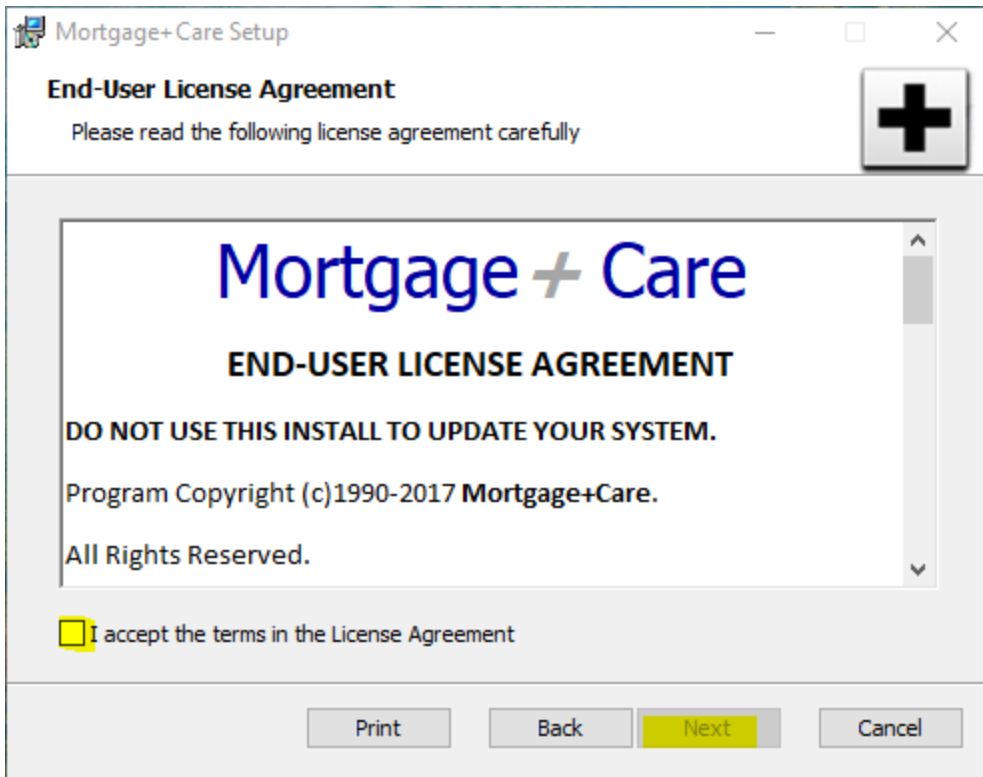

5. The File Download-Security Warning dialog box appears, **Click on Run to begin installation.**

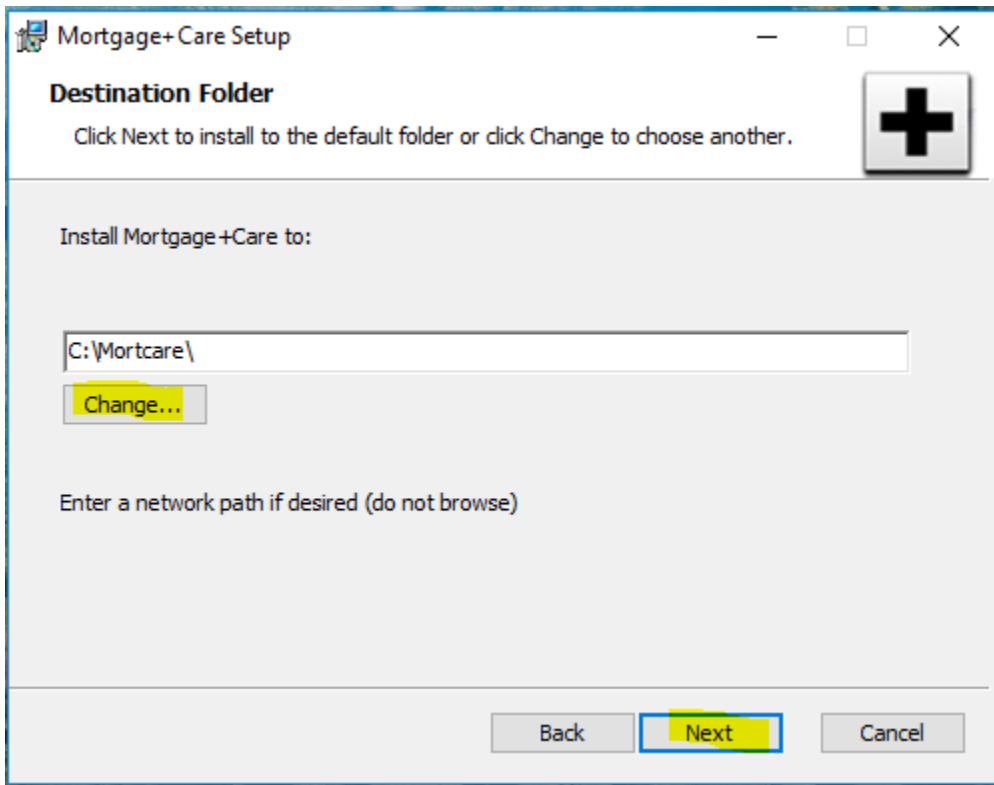

6. Once you get to the Welcome window, **Click on the Next Button.**

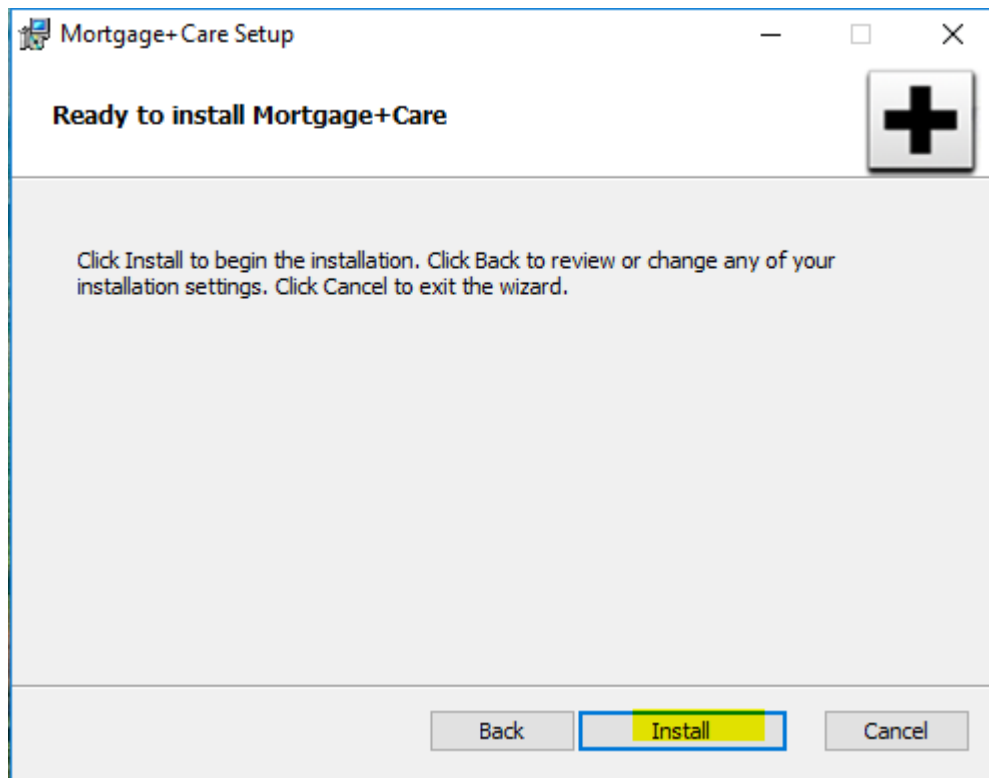

7. Next, the "End-User License Agreement" section will appear. Read through the agreement, then **click the "I accept the terms in the License Agreement" box and click Next.**

8. You will have the option of selecting your destination location, **Click the “Change...” button and select your location for Mortgage+Care if you'd like to change the path from the default location, then Click Next.**

8. Next, the "Ready to install Mortgage+Care" prompt will appear, **Click Install**.

9. The software install will continue. If the computer asks, allow the software to change your computer settings, as this is necessary to complete the install. Next, **Click Finish. and you are Done. Welcome Aboard!**
